Hollywood has an insatiable need for money. The Bitcoin area arrived in time to fund Amsels next film. Lord Ashton mortgages his ancestral home for the thirty million he is investing. The Bitcoin codes are stolen during one of his many heart attacks. Astarte is on the trail, one leading to the thieves murder. Hollywood is not one to forgive. Astarte begins a search to recover the funding and complete the film. He leaves no stone unturned. His future bride is the daughter of Lord Ashton. He wants the status. Her mother hires a detective to follow the nearly cold trail leading tot he victim. If she can gather enough evidence, she can put Astatre away before he ruins her daughters reputation. Brent Caldwell, attorney agent, does all in his power to defend his client. He covers for him, hides the truth and ultimately hires the attorney best suited to turn a murder charge to a minor manslaughter charge. Corruption is rampant in this Hollywood romp.
