

Dubliners (Modern Library (Hardcover))

Introduction by John Banville James Joyce was the singular figure of modernism, and to this day his grand vision looms large over contemporary literature and the entire Western canon. His stylistic innovations were revolutionary, yet nowhere is Joyce more accessible than in this volume of short stories, a brilliant collection that celebrates, critiques, and immortalizes the place that Joyce knew better than anyone else: Dublin. From the young boy encountering death in the opening story, The Sisters, to the middle-aged protagonist of its haunting finale, The Dead, considered one of the greatest short stories of all time, Dubliners is a vivid portrait of the city in all its glory and hardship, and a seminal work that redefined the short form. Featuring a new Introduction by acclaimed novelist John Banville, this edition is not only a breathless portal into Joyces dear dirty Dublin but a vital literary treasure from one of the great masters of all time.
