

En Route (European Classics)

Continues the story of Durtal, a modern anti-hero, from the cult author of French decadence *Solitary*, agonised and alienated, robbed of religion and plunged into decadence by the pressures of modern life, Durtal discovers a new road to Rome. Art, architecture and music light his way back to God. For Durtal, Gods death is a temporary demise, and by the end of the novel, he is morally mended and spiritually healed. *En Route* forms part of a sequence of novels by Huysmans which are a veiled autobiography. First published in 1895, *En Route* earned the hostility of the Catholic Church and was condemned for obscenity.
