It makes their books completely unreadable. How is this book unique? Unabridged (100% Original content) Font adjustments & biography included Illustrated About Faust by Johann Wolfgang von Goethe Faust is a tragic play in two parts usually known in English as Faust, Part One and Faust, Part Two. Although rarely staged in its entirety, it is the play with the largest audience numbers on German-language stages. Faust is Goethes magnum opus and considered by many to be one of the greatest works of German literature. The earliest forms of the work, known as the Urfaust, were developed between 1772 and 1775; however, the details of that development are not entirely clear. Urfaust has twenty-two scenes, one in prose, two largely prose and the remaining 1,441 lines in rhymed verse. The manuscript is lost, but a copy was discovered in 1886.
