How important is Turkey compared to others in terms of the entire global and regional market? How much do the imports of womens and girls blouses, shirts, and shirt-blouses of knitted or crocheted textile fabrics vary from one country of origin to another in Turkey? On the supply side, Turkey also exports womens and girls blouses, shirts, and shirt-blouses of knitted or crocheted textile fabrics. Which countries receive the most exports from Turkey? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for womens and girls blouses, shirts, and shirt-blouses of knitted or crocheted textile fabrics in Turkey. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact.
