

# The 2011 Import and Export Market for Knitted or Crocheted Panty Hose, Tights, Stocking, Socks, and Hosiery in Austria

On the demand side, exporters and strategic planners focusing on knitted or crocheted panty hose, tights, stocking, socks, and hosiery in Austria face a number of questions. Which countries are supplying knitted or crocheted panty hose, tights, stocking, socks, and hosiery to Austria? How important is Austria compared to others in terms of the entire global and regional market? How much do the imports of knitted or crocheted panty hose, tights, stocking, socks, and hosiery vary from one country of origin to another in Austria? On the supply side, Austria also exports knitted or crocheted panty hose, tights, stocking, socks, and hosiery. Which countries receive the most exports from Austria? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for knitted or crocheted panty hose, tights, stocking, socks, and hosiery in Austria. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact. I have developed a methodology, based on macroeconomic and trade models, to estimate the market for knitted or crocheted panty hose, tights, stocking, socks, and hosiery for those countries serving Austria via exports, or supplying from Austria via imports. It does so for the current year based on a variety of key historical indicators and econometric models. In what follows, Chapter 2 begins by summarizing where Austria fits into the world market for imported and exported knitted or crocheted panty hose, tights, stocking, socks, and hosiery. The total level of imports and exports on a worldwide basis, and those for Austria in

particular, is estimated using a model which aggregates across over
