

Let Love In

Let Love In is a work of art. It takes its place beside paintings, musicals, and stage. Each art form capitalizes on a particular medium to express a plethora of emotions. So too does the poetic anthology! The author expresses myriad sentiments through photographic, colorful imagery. The prayer poems contain spiritual threads of lives weavings that form the substratum of the poetic lines. These point to the radical foundation of the love that animates life. It is that which gives the spirit wings. Love can take one to the depth of our being where we encounter our truest self. It can also propel us to the farthest corners of our beautiful world. Let Love In will nudge the reader to see with new eyes and clearer focus, to relish the ordinary as a grand feast.
