

Letter from Paris

What a wonderful book, a dramatization of an authentic way of being and the journey that India, the main character, takes to get there. Beverly Donofrio, author of RIDING IN CARS WITH BOYS and ASTONISHED I am delighted that PARISIAN CHIC inspired India to explore Paris. There must have been French in another life. Ines de la Fressange, author of PARISIAN CHIC A brilliant examination of how a mature woman can learn to follow her heart and create the life of her dreams. Chic At Any Age Truly an entertaining read! Literarily Illumined India Butlers journey to America put her life on a new track. Now a trip to Paris threatens to derail her or to make things all they are supposed to be. With a new job, a new friend, a potential new lover...and an old lover, India is dealing with nearly as much as she can handle. But thats only the beginning. The infectious sequel to INDIAS SUMMER, LETTER FROM PARIS is witty, glamorous, incisive, and refreshingly real.
