

Diary of a Mistress: A Novel

What should a wife believe? The words of her husband or the diary of his mistress? From the author of *Secret Society* comes a tale of love and jealousy in which two women struggle to separate fact from fiction. Monica counts her blessings -- she has a husband who is not only devoted to her but is also committed to being a strong, caring father to their twin sons. When Carlos surprises her with an unforgettably romantic getaway, Monica knows her husband is still very much in love with her -- and she with him. But an unexpected package threatens to change everything Monicas ever believed about her husband. Angela has adopted a sex-them-and-leave-them attitude toward the married men shes bedded over the last five years. Then she met Monicas Carlos. Now she will stop at nothing to get him for herself -- even if that means destroying her own life and another womans family.
