

## The Last Woman Standing

After being married to their careers instead of each other for ten years, Ace and Lynette Bowers ended their marriage. Four years later however, it seems as though their love never ended - to both of their surprise and denial. Sheila Rushmore is Aces current girlfriend and a woman who is used to getting what she wants - except Aces commitment to marriage. When Sheila realizes Lynette may be the cause, she launches a plan to play the hand of God, instead of allowing God to bring the love they all desire in His way.
