

## The Memoirs of Sherlock Holmes [Sherlock Holmes Mysteries (Blackstone Audio)]

[This MP3CD audiobook format edition is published by Blackstone Audio, Inc. and is read by Ralph Cosham] These eleven delightful stories of the famous hawk-eyed detective are told by his friend and foil, Dr. Watson. Sir Arthur Conan Doyle draws us into nineteenth-century London--hansom cabs, train rides, and foggy nights--where he astutely solves the most complex and perplexing cases of the day. Among the short stories included in this collection is The Gloria Scott, an account of Holmes's very first case. The various adventures in The Memoirs of Sherlock Holmes are overshadowed by the event with which they close--the meeting of the great detective and Moriarty, the Napoleon of Crime. That struggle, seemingly to the death, was to leave many readers desolate at the loss of Holmes but was also to lead to his immortality as a literary figure.
