

Positively Lethal (The Positively Lethal Series Book 1)

Dying for vengeance... Los Angeles. A city of opportunity and a front for an underworld where syndicate rivalry breaks the silence of every dark corner. Double crossed by the powerful crime empire he once served, ex-military gunman turned criminal assassin, Dean Cottrell, is left for dead. What his former employers don't count on is his return as a vengeance-driven powerhouse of destruction, willing to stop at nothing to destroy the organization, one man at a time. Coming to the eventual attention of the FBI is the least of his worries as a legion of mobsters is rallied against him, and his old boss' cruelty is brought to bear on those he cares for. It's a head-to-head showdown that will prove positively lethal to everyone involved.
