

Purr Scent 0: The Moment (Purr Billionaire BDSM Trio)

Topsy turvy... Billionaire Clark Mannings is on top of the world. Business is well. So is pleasure. Lots of it. Work hard. Play hard. Stay unattached. These rules have always served him best. Poised on the precipice of westward expansion with his billion dollar enterprise, everything flips at the drop of a hat when a chance encounter with a certain blonde completely reorients his manifest destiny. Newly appointed CEO Mariah Olsen has a bone to pick as the youngest female head of a company. Not only does she battle with male chauvinists who are opposed to her proposed reforms, she also has the biggest challenge in her life: how to stay on track with her career goals without being blindsided by annoying inappropriate urges in the presence of a certain visiting executive. Purr Scent 0: The Moment is an 18,000-word M/F (male-female) prequel to a six-part billionaire BDSM menage serial that tracks the journey of an alpha male dominant, a lesbian domme, and their bisexual female submissive. The emerging connection between the Dom and sub continues in Purr Scent I: The Meeting, followed by the meeting of both females in Purr Scent II: The Makeover.
