

The Demi-Monde: Summer: Book III

Eight thousand years ago the Deluge destroyed the empire of the Lilithi, setting the race of super-warriors known as the Grigori loose in the outside world. They have lain hidden until now when - thanks to the creation of the dystopian virtual reality that is the Demi-Monde - they at last stand ready to achieve mastery of the Real World - and to cull HumanKind in the Final Solution. Three girls stand between them and victory: Norma Williams, trapped in the nightmare that is the Coven, the viciously misandric Sector of the Demi-Monde; Ella Thomas, enslaved by the spirit of Lilith-come-again; and Trixie Dashwood, consumed by her hatred for Heydrich and his evil ForthRight.
