

Dusty Old Lies: A Novel

For Mary Claire unknotting family ties and living hours from where she grew up seems like best course of action until her Grandpas funeral brings her back to North Dallas for the holidays. Dysfunction and attempting to repair broken relationships become the least of her worries as Mary Claire and her siblings uncover mysteries and dark secrets hidden in their Grandpas old house. Digging up the past may answer age old questions about her family, but finding the truth may have fatal consequences.
