

## The Sunflower Forest

Bestselling author Torey Hayden's new novel poignantly tells of a daughter's attempt to grow up in the shadow of her mother's haunted past. Warm, melancholy and evocatively rendered, this book captures the essence of a family touched by sadness. A haunting tale of a family who can't escape the consequences of their mother's tormented childhood, Hayden, a master storyteller, again turns her talent to fiction in this novel that combines a psychological thriller with a nuanced family drama. Lesley's Hungarian mother Mara -- charming, childlike, lovable -- is traumatized by her adolescent Holocaust experiences. Though her American husband and daughters try to live a normal life, Mara holds them thrall to her moods and quirks. Lesley struggles to understand, but dealing with Mara is a severe strain which sets her apart from her peers. But when Mara's psychosis results in tragedy, Lesley goes to Wales in search of her mother's remembered joy.
