

THROUGH THE LOOKING-GLASS (ILLUSTRATED)

Through the Looking-Glass, and What Alice Found There (1871) is a work of childrens literature by Lewis Carroll (Charles Lutwidge Dodgson), generally categorized as literary nonsense. It is the sequel to Alices Adventures in Wonderland (1865). Although it makes no reference to the events in the earlier book, the themes and settings of Through the Looking-Glass make it a kind of mirror image of Wonderland.
