

## Wake Up! To Victory in Christ

Do you long to have faith that is more alive and life changing? Do you yearn to feel the presence of God more in your daily life? God promises new life to all Christ followers and this book will outline issues and stumbling blocks that prevent that, while showing how we can achieve the victorious Christian faith walk that will truly transform us, heal us, give us a purpose beyond ourselves, and show the world the Glory of the Lord. Winning in life is something that we all dream of. Its the stuff of heroes in the movies and the books. We all hope to win at life. Everybody loves a winner! There's no doubt about that. But as wonderful as winning is in this life, it is only temporary. After a while it doesn't really matter as much in the long haul as we thought it would, neither does it create personal inner satisfaction that is lasting. Unfortunately, when the crisis of life happens or you are hit with things that are beyond your control, those worldly victories that make us feel so important and proud don't always add up to making our lives work out better in the end. But for people who believe in Christ as their personal savior, there is hope and power beyond our own limits, if we tap into it. This is what this book talks about. The real power that can change your life and make it a life that will make you Wake Up! jump out of bed, excited to face each day. Teresha's life was totally transformed from one of brokenness, heartbreak and despair, to one that is thriving, alive and exciting. In the book she shares her story and the many principles that God showed her to achieve the Victory in Christ that she longed for. Ever since Teresha's life became a life that she had always hoped and dreamed of, her deep desire has been to take a message of hope and encouragement to the world. Her journey out of her old life and into new life in Christ has been exciting and rewarding through the power of God's Holy Spirit, and

yours can be too! The book also includes a study for reflection or group after each chapter.
