

Windsor Castle

Ainsworth briefly tried the publishing business, but soon gave it up and devoted himself to journalism and literature. His first success as a writer came with *Rookwood* in 1834, which features Dick Turpin as its leading character. A stream of 39 novels followed, the last of which appeared in 1881. There is in the folklore of Shropshire and Herefordshire a figure known as Wild Eric who, with his pack of flying hounds (the Seven Whistlers) reins wild elemental terror on the woodlands in those parts. *Windsor Castle* is Ainsworth's tale of Herne the Hunter, and the hunter is an admixture of Wild Eric and a sort of Windsor Mephistopheles: in a very real way, this is a tale of the devil's special haunting of Henry VIII and all of those who so famously attended him.
